**UPC Number:** 78621005269  
**EAN Number:** 05414363099918  
**Status:** A

Liquidtight Sealing Gasket, 3 Inch, with 316 Stainless Steel Retainer Ring and Thermoplastic Molded Seals

- Design locks resilient sealing material in stainless steel.
- Stainless steel retainer protects seal from extruding out under torque and limits compression to an optimum predetermined value; provides high quality seal.
- Resilient material flows and seals rough edges.

#### North American Specifications (UNSPSC)

|                  |                            |
|------------------|----------------------------|
| UNSPSC           | 31161818 Seal washers      |
| IGCC             | 2897 Seal washers          |
| Brand Name       | T&B                        |
| Type             | Liquidtight Sealing Gasket |
| Material         | 316 Stainless Steel        |
| Thickness        | 15/64 in                   |
| Outside Diameter | 4-1/16 in                  |
| Seal Material    | Rubber                     |
| Fits Bolt Sizes  | 3 in                       |

#### European Specifications (ETIM)

|                                |                       |
|--------------------------------|-----------------------|
| ETIM                           | EC001181 Sealing ring |
| Model                          | Other                 |
| Outer diameter                 | 103.6mm               |
| Thickness                      | 5.8mm                 |
| Material                       | Metal                 |
| Fitting for thread size metric | 80                    |

#### Packaging

|                           |                  |
|---------------------------|------------------|
| Outer Quantity            | 5                |
| Outer Dimensions (inches) | 6.9x4.6x5.8      |
| Weight Uom                | 5.5 lbs. per 100 |
