

## SG-TL70-R

### ▶ TL70 MODULAR LED TOWER LIGHT SEGMENTS

TL70 Light Module; Color: Red

Voltage: 12-30 V dc; Environmental Rating: IP65

Steady On/Flashing

Black Housing

Part Number: 92213

#### CERTIFICATIONS

### SPECIFICATIONS

|                                  |                   |
|----------------------------------|-------------------|
| Housing Style                    | Segment - Light   |
| Primary Housing Material         | Polycarbonate     |
| Indication                       | Yes               |
| Color Option 1/Job Light         | Red               |
| Current - Color (mA)             | 420               |
| Supply Voltage                   | 12-30 V dc        |
| Input Type                       | Bimodal (PNP/NPN) |
| Max Input Response Time (ms)     | 50                |
| Max Current - Audible Alarm (mA) | 30                |

|                                                     |                        |
|-----------------------------------------------------|------------------------|
| <b>Environmental Rating</b>                         | IP65                   |
| <b>Max Op. Relative Humidity Non-Condensing (%)</b> | 95% @ 50°C             |
| <b>Max Op. Temperature (°C)</b>                     | 50                     |
| <b>Min Op. Temperature (°C)</b>                     | -40                    |
| <b>Primary Housing Color</b>                        | Black                  |
| <b>Feature: Audible</b>                             | No                     |
| <b>Feature: Chemical Resistant</b>                  | No                     |
| <b>Multi-Color Device</b>                           | Simultaneous Colors On |
