

GLOVES TRADESMAN L (POP)

Gloves Tradesman L (Pop)

Cat No: 0358-14L

UPC No: 783310001201

Description

- Our new gloves are made from premium materials and are designed to offer an optimal combination of dexterity, comfort and protection
- All of our new gloves include the following features: State-of-the-art moisture management fabric that wicks away sweat to keep hands dry
- High-density foam padding to absorb impact and vibration
- Double-stitched wear pads on the fingers and palms for durability
- Reinforced pull tabs make it easier to put on the gloves while prolonging seam life
- Stretch panels for increased dexterity and comfort
- Molded hook and loop strap adjusts comfortably to the wrists and keeps debris out
- Tradesman - form-fitting, high dexterity work gloves ideally suited for the job site
- Spandex back has corrugated padded knuckles and fingers for extra protection and flexibility
- Terry cloth thumb with flex-weave insert for brow wiping
- Full neoprene cuff with extended underside for added protection and a textured tab for pulling on the gloves
