APPLICATION

These enclosures are ideal for mounting equipment on panels or racks in indoor or outdoor applications where it is necessary to protect controls and instrumentation from wet, non-corrosive environments. The design features Hoffman's exclusive POWERGLIDE Handle with 3-point latching for secure closure.

FEATURES

- 3-point latch for security and ease of use
- Mounting channels accommodate panel or rack-mount equipment
- Panels and rack mount angles can be mounted anywhere along channels
- Rolled flange around door opening excludes liquids and contaminants
- Lifting eyes for easy handling

SPECIFICATIONS

- 12 gauge steel
- 3-point latch system with POWERGLIDE handle
- Seams continuously welded and ground smooth; no holes or knockouts
- Mounting channels welded horizontally to interior body sides at top, bottom and center
- Heavy-gauge continuous hinge with stainless steel hinge pin
- Data pocket is high-impact thermoplastic
- Lifting eyes
- Oil-resistant door gasket
- Bonding provision on door
- Provision for mounting fluorescent light

FINISH

ANSI 61 gray polyester powder paint inside and out over pretreated surfaces. Optional panels have either a white or a conductive finish.
