

Wallplates and Covers

Features and Benefits

Non-metallic Wallplates

Hubbell's line of polycarbonate wallplates features larger standard sized wallplates to provide extra coverage to hide rough box opening, improved aesthetics, greater strength, impact resistance, along with easy to clean finish in all different types of environments.

- Standard size is 1/8 inch larger to give you extra coverage to hide rough box openings. Also available in mid-size, jumbo and pre-marked
- Smooth satin finish, blends into the wall
- More rigid, sharper lines
- Captive screw feature holds mounting screw in place for quick and easy installation, single gang
- High-impact polycarbonate thermoplastic is virtually unbreakable
- Smooth, easy to clean finish is highly resistant to solvents and cleaning solutions, providing long life in the harshest environments
- cULus listed

Hubbell's standard sized wallplates are 1/8 inch larger to provide you that extra coverage to hide rough box openings. The depth is 1/4 inch so that it will comfortably fit over the device even on imperfect installations or on retrofit work. See page O-32 for details and dimensions.

Note: Thermoplastic wallplates feature pre-inserted captive screws for faster assembly in single gang configurations.

①Available as a custom wallplate, see pages O-32 to O-34. Consult custom wallplates section for additional openings and combinations.

Dimensions in Inches (mm)

Nylon and Metal Wallplates

More Style In a Snap

Snap-on screwless wallplates offer a clean, elegant look that can be installed in seconds. Screw the mounting sub-plate onto the device and press the snap-on wallplate into place. Snaps securely hold the wallplate to the sub-plate.

- Clean, elegant look
- No visible screws
- Snap-on wallplate completely covers sub-plate eliminating dirt build-up around the edges
- Snap-on wallplate hides any paint or scratches on sub-plate caused during installation
- Appearance is consistent with other Hubbell wallplates
- Meets UL and CSA standards
