

Power line 7/8" for 24 V connected and unconnected
assembled with 1 x 7/8" one side angled, 1.5 mm²
Socket, 5-pole, Length 10 m

General technical data:		
(product description)		7/8" socket, angled
(cable length)	m	10

General technical data:		
Ampacity per pin maximum	A	8
Operating voltage		
• 1		
— at DC maximum	V	230
— at AC maximum	V	230
• 2		
— at DC maximum	V	400
— at AC maximum	V	400
Surge voltage resistance rated value	kV	3

Mechanical data:		
Number of electrical cores		5
Type of cable outlet		angled
Number of poles		5
Color		

• of cable sheath • of the insulation of data wires		gray black, blue, green yellow, brown, white
Material		
• of cable sheath • of the wire insulation • of the enclosure		Polyurethane polypropylene (PP) polyurethane
Design of the shield		unshielded
Type of strain relief		molded
Bending radius		
• with single bend minimum permissible • with multiple bends minimum permissible	mm mm	65.25 87
Number of bending cycles		5 000 000
Mechanical service life (mating cycles)		100
Outer diameter		
• of the wire insulation • of inner conductor • of the cable	mm mm mm	2.3 84 8.7
Symmetrical tolerance of the outer diameter of the cable	mm	0.2
Type of connectable conductor cross-sections stranded		5 x 1.5 mm ²
Type of plug interlock		7/8 thread
Cable end components		open on one side

Ambient conditions:

Ambient temperature		
• during storage • during operation	°C °C	-25 ... +80 80 ... -20
Protection class IP		IP67
Chemical resistance		
• to mineral oil • to water • to grease		conditional, must be checked relative to the application conditional, must be checked relative to the application conditional, must be checked relative to the application
Degree of pollution		3

Certificates/ approvals:

Certificate of suitability		
• CSA-approval • RoHS conformity • UL approval • CCC		Yes Yes No No

- IEC certificate
- cUL approval
- C-Tick

	No
	No
	No
