

Nora Lighting's recessed IC housings are high quality, light weight units ideal for use in insulated ceilings. Airtight construction also reduces energy costs by reducing the amount of air escaping through the ceiling. Rated for direct contact with insulation and combustible materials, Nora IC housings are easy and quick to install and accept a wide variety of high quality, attractive finishing trims.

Minimum Clearances: "IC" Housings are direct contact rated; no minimum clearance is required

Ceiling Thickness: Housing adjusts from 5/8" – 1-3/8" to accommodate various ceiling thicknesses.

Lamp Adjustment: Adjustable socket mounting plate allows different types of lamps to be used for best possible light distribution

Bar Hangers: Bar hangers are adjustable from 13-5/8" to 24" and can be repositioned 90 degrees

Junction Box: Junction box is listed for through branch circuit wiring and contains seven 1/2" knockouts and four Romex pryouts with strain relief

Electrical: Quick Connector provided

Listing: UL Damp Location w/ Feed Through WSEC ASTM E283 for Air Tight (AT only)

NHIC-17QAT

6" IC Housing • Quick Connect • Airtight
