

Part Number Número de Parte Numéro de la Pièce	Weight (lbs/g) Peso (lbs/g) Poids (lbs/g)	Input / Entrada / Entrée		Output / Salida / Sortie	
		Nominal / Maximum Nominal / Máximo Nominale / Maximum	Voltage Voltage Tension	Voltage Drop Caída De Voltaje Chute De Tension	Current Corriente Courant
SDN 30/40RED	1.43lbs (646g)	30 - 40 / 50A	24VDC	0.6V	40A

Important Notice!

For optimum reliability do not load the SDN30/40RED module over the de-rating recommendation in the table above.

Operation above these levels will cause overheating of internal components and reduce reliability of the module.

If full power operation of an SDN40-24-480 is required at 60°C please contact Sola/Hevi-Duty Technical Services at the phone numbers listed on the title block of this manual.
