78599175606
Active

UPC Number:

Status:

Description:

Channel Spring Nut, Size 1/2-13 Inch, Thickness 3/8 Inch, Steel, for use with 1-1/2 Inch Deep Channels

Features

Kindorf self aligning channel nuts are designed to provide resistance to pull out and resistance to side slip in excess of the full strength of the channels with which they are used.

The extreme resistance to side slip results from the unique design of the alternate teeth, spaced and designed to develop a wedging action that increases with pressure or load.

Application

For use with all Kindorf channels.

General

Trade Size (inches)	1/2
