Description:

B 911 5/16
 78599175600
 Active

5/16 in. Steel Spring Channel Nut with Galv-Krom finish.

Features

Kindorf self aligning channel nuts are designed to provide resistance to pull out and resistance to side slip in excess of the full strength of the channels with which they are used.

The extreme resistance to side slip results from the unique design of the alternate teeth, spaced and designed to develop a wedging action that increases with pressure or load.

Application

For use with 1 1/2 in. deep channels.
